Fort Langley, B.C.

THE main street of Langley is neither particularly nor particularly active, but it is in front of a North American that could transform the tryside and countless big-c...

Some historic interest. Small B.C. towns like Courtenay and Nanaimo with newer generation into the city. The migration to small towns in the States, describes the regions as "penturbia," the fifth wave of U.S. history. The term is derived from the Greek word pente, and the Latin word for city. Penturbia is all town...
